

Article Evaluation Grid *Communications*

Title of the article:

Evaluation and possible recommendations

We would be extremely grateful if you could share with us your concise opinion on the article submitted to you, as well as your recommendations before proceeding to publication in accordance with the criteria listed below. Please note that your anonymous evaluation will be forwarded to the author.

In addition to this synthetic evaluation, the experts are invited to indicate, in red in the body of the text, any corrections they would consider necessary (language, style, footnotes or references to be added, explanations or corrections to be inserted, etc.).

Thank you very much in advance.

Évelyne Ribert, Editor-in-Chief
